

HYDRO-DIP

because excellence wasn't good enough

SCOPE DECORATING LIABILITY WAIVER FORM

I acknowledge that by allowing Hydro-Dip to decorate my firearm scope, I understand that flooding may occur and I do not hold Hydro-Dip responsible for any damage related to the submerging of the scope in water.

I acknowledge that a representative from Hydro-Dip has explained the procedure for the decoration and I am willingly allowing this process to take place even though my scope may be damaged.

I understand that scope manufacturers that make claims related to waterproof or water resistant scopes may not have indicated a total submersion of the product in water as covered under any said claim. I understand that if damage occurs, the manufacturer may void the warranty.

I give Hydro-Dip permission to decorate my scope and fully understand the risks involved.
